The Rough Collie Breed Council

Statement

It has come to our attention that some Rough Collie breeders have been making false claims regarding the Kennel Club giving permission to cross Welsh Sheepdogs with Rough Collies and that the third generation would be able to be registered as Rough Collies.

This is not true.

Any outcrossing requests would have to be put before many of the Kennel Club's committees for a lengthy consultation process that would also involve all the breed clubs, Breed Council, and the Kennel Club Board.

No such request has been made to the Kennel Club.

Therefore, the Rough Collie Breed Council wishes to remind Breeders that such false claims go against the Kennel Club's Code of Ethics for Breeders, as well as all the Rough Collie Breed Clubs' Codes of Ethics.
